

### **Safety measures at Nestlé roadshows**

To ensure a safe redemption process for all consumers, we have implemented the following safety measures at Nestlé roadshows.

1. Safe distancing officers are stationed at each roadshow to ensure adherence to safety measures.
2. When queueing at the roadshow, consumers are to adhere to the 1 metre safe distancing rule.
3. Queue numbers will be issued to prevent overcrowding.
4. Roadshow booths are sanitized daily.
5. Our roadshow promoters observe good personal hygiene with surgical masks, face shields and frequent cleaning of hands. Temperature checks are also conducted twice daily.
